U.S.-Israel Military Pact Turned Arabs Against Us

U.S.-Israeli Military Alliance Threatens Arab Nations

Aid to Israel amounts to more than 25% of our foreign aid budget. The Arab states are hostile toward America because we financially and militarily support Israel's aggression against the Palestianian people and neighboring Arab states. The chief reason our Marines were not accepted as true "peace keepers" in Lebanon is that all the Arabs recognize the fact that our Zionist controlled politicians in Washington have just concluded a military alliance with Israel. How can we expect to be viewed as "peace keepers" when we finance, arm Israel's army, and then back them up militarily? The Reagan-Shamir agreement signed in November, calls for joint military exercises including supplying cluster bombs which are designed for the slaughter of civilians.

In return for the "hope" that Jews might vote for him — Pres. Reagan has signed an agreement providing for "Strategic Cooperation" with Israel. Parts of this agreement are top secret. (More reasons for the Arabs' distrust of us.) But the following known information gives us a glimpse on how Jew money interests have blackmailed Reagan into giving Israel everything they demanded. Here is what we have been able to discover in the "Strategic Cooperation" agreement.

Israel's mighty Air Force — all from the generosity of the American taxpayers.

1) Joint U.S.-Israeli military planning and exercises.

2) Agreement for U.S. support of the Israel-backed Gemayel government (which has now been overthrown by a majority of people living in that war-torn country.)

3) U.S. will bolster and extend anti-Palestinian forces over all of Lebanon.

Economic Aid To Israel

The following are financial benefits to Israel in the "Strategic Cooperation" agreement:

A) Allow Israel to export goods to the U.S. duty free (tax-free).

B) Israel will not have to use our foreign aid to purchase goods made in the U.S.

C) Reagan agrees to ask a willing Congress to make all loans to Israel grants (free gifts). In the past, Israel had to pay back only half its military foreign aid with all economic aid a grant (free gift from the American taxpayers!).

D) Allow Jews to force U.S. military suppliers to buy Israeli made components for U.S. weapons systems.

E) U.S. promises to purchase Israeli goods and services in 1984 for our forces stationed in Europe. (The U.S. has stopped buying British made mortars and given such contracts to Israel. All U.S. military cars and trucks now use Israeli made radios. They formerly were made in Dallas by U.S. workers and many have been laid off as a direct result of the cancellation of this military contract. Other U.S. purchases will be announced in the future as Israel dictates.)

F) U.S. will develop Israel's Lavi fighter jet in the U.S. for sale worldwide to help bolster Israel's failing economy. We also will help them with the technology to build Lavi jets in Israel.

G) Establish a "Joint Israel-American Economic Group" to help save Israel's economy. This group will be headed by U.S. liberal Jew economist Herbert Stein.

U.S. Receives Absolutely Nothing In Return for Treaty

The Jewish Post and Opinion of Nov. 30 hailed the "Strategic Cooperation" as a great mutual "Treaty" and a new landmark of U.S.-Israel unity. The Reagan-Shamir

Israel Protests U.S. Lebanon Withdrawal

Israel Fought To Keep U. S. In Lebanon

Israel's Prime Minister, Yitzak Shamir, just two days before Pres. Reagan announced the withdrawal of U. S. Marines from Lebanon made a last minute plea to keep U. S. troops on the front line to do the fighting — and dying for the Jews. It was internal Jew public opnion inside Israel which forced Shamir, after they had lost over 500 Jew soldiers, to pull his forces south behind the safety of the Awali River line. Shamir has some 2,000 mercenaries between him and the Moslems now. Above the position were the U. S. Marines.

Yitzak Shamir

Israel's Prime Minister

On Feb. 1, Shamir called upon Reagan to stay in Lebanon to prevent "a Syrian victory." He charged that America would look "weak" before the world if we pulled out. He warned that Israel would act to keep "terrorists" away from their border. This means more "terror" on the part of Shamir who was a leader in Israel's Irgun murder gang which assassinated and slaughtered men, women and children to drive the Palestinians out in pre-1948 fighting.

U. S. Lost 263 Boys For Nothing

The Thunderbolt opposed U. S. intervention in Lebanon on the side of Israel from the very beginning. Reagan forced Lebanon's former Pres. Gemayel to sign a treaty with Israel on May 17, 1983 and this automatically undercut Gemayel's influence with the Moslems who make up 75 percent of his population. He never had a chance because Israel directs U. S. foreign policy in the Middle East and this has alienated our once good relationship with many Arab countries. We lost 263 of our young Marines and 153 wounded on the Jew alter of war in Lebanon. These boys should never have been sent there in the first place.

Reagan Hurt Politically

Pres. Reagan has proven his weakness and a lack of leadership by this move. He revealed himself as nothing more than a pawn in Israel's hand. We should have let the Jew army remain in their place at the Beirut airport — then today's headlines could have read about 263 dead Jews instead of dead Americans! We went in for the sole reason to relieve the Jews so they could pull back and leave our boys on the front lines. This led to our embarrassing disastrous forced pull back in Lebanon which has been a disgrace in the eyes of the other nations of the world.

Jewish Post And Opinion of Dec. 7, 1983 stated that if America dared to "retreat it would be considered an admission of cowardice!" They went on to say a withdrawal would place Israel back on the front line. Well, that is where they have so placed themselves. We are thankful our Marines are finally being pulled out. Now, let the Jews stand and fight for themselves in defense of a war they began over two years ago. It is not our task or obligation to pull Israel's chestnuts out of the fire. This tragic needless loss of our Marines should once and for all prove we should never ever fight for Israel again — not under any circumstance!

U.S. Aid Helps Lavi Jet Compete With Northrop

JERUSALEM (JTA) — Israeli officials are deeply gratified over the U.S. military and economic aid package for fiscal year 1984 which the House of Representatives approved recently.

It is not only the largest amount of aid ever voted for Israel but allows the Israelis to use $550 million in military credits toward building their second generation jet fighter-bomber, the Lavie,

The aid package which the House approved by a 224-189 vote totals $2.61 billion, compared to $2.48 billion in fiscal 1983. The new allocation contains $1.7 billion in military credits and $910 million in economic grants. Of the military credits, $850 million is "forgiven," meaning it does not have to be repaid.

The practice up to now has been that countries receiving U.S. military credits use them to purchase American military equipment, not develop their own weapons.

The Lavie, expected to be operational in the 1990s will compete on foreign markets against U.S. military aircraft such as the Northrop company's F-20 fighter which is not financed by the government.

U.S.)

This is the kind of slap in the face the Jews have extended to whomever has helped them. Aid to Israel of any kind is a one way street. It is against the Jews' Talmudic religious law to extend a hand to those who help them. The Jewish audience gave Netanyahu a standing ovation.

U.S. Leaders Betray American Interests

Chicago Sun Times writer, Georgia Anne Geyer, on Dec. 3, wrote: "The Strategic Agreement awards Israel's leaders for their invasion of Lebanon which has now led to the deaths of hundreds of our Marines . . . For 35 years Israel's leaders have promised they would never drag us into their wars . . . We send in our troops to force the PLO out of Beirut and relieve Israel. Then we remove our troops. The massacres at Sabra and Shatilla occur (hundreds of innocent men, women and children are slaughtered). We sent our troops back in. Israel withdraws to the safety of the South. We try to get Israeli soldiers to come back, the Israeli government spurns the request."

"*We increase military aid to Israel which they do not have to repay. U.S. funds will develop Israel's Lavi fighter jet in the U.S. — the final ASTOUNDING FACT is that not one thing in this agreement is actually in America's interest! Worse, we further diminish our power in the world, even among friends, because it makes us look naive.*"

Black Writer Blasts Agreement

Washington Negro columnist Carl Rowan had the guts to call the agreement "folly" while White writers feared being branded anti-Semitic if they opened their mouths. Rowan wrote:

"Reagan has ballyhooed his supposed agreement to supply Israel with joint military exercises, more cluster bombs, other arms and more U.S. money for Israel. The U.S. ignores

Arab Views Of "Agreement"

Damascus, Syria government radio of Dec. 8th declared: "*The Arab nations will not be a stage for the implementation of old and new agreements between the U.S. and Israel, whatever the greed of the predator. The purpose behind this agreement is to strengthen Israel and to make it the sole military power in the region in order to maintain a constant state of war and carry on frequent aggression against the Arabs.*"

Amman, Jordan radio of Dec. 23rd, "The Reagan-Shamir agreement calls for creating a stronger Israel which will become more and more intransigent and expansionist."

Reds Call Walesa A "Nazi"

Poland's official communist news agency, PAP, senior editor E. Guz has accused Solidarity Union Leader, Lech Walesa of "Nazi sympathies." He denounced Walesa for making the following statement:

"We highly value the Germans, especially because they help us particularly much. They extend to us the largest assistance. Tell your fellow countrymen that we, the Poles, will not forget it. The Poles and the Germans know what suffering means. We, the Poles, at least constitute one nation in our suffering. On the other hand you, the Germans, are divided and this is terrible."

Guz called Walesa "highly irresponsible" for even commenting on the two Germanies. He defended the Communist East German regime and said Walesa aided and abetted "Nazis" by making such statements.

Israel Praises Jew Lobby

By
WOLF BLITZER

WASHINGTON —

The recent passage of a foreign aid package (CJN Nov. 24) once again underlined Israel's continued popularity on Capitol Hill.

Republican and Democratic members voted not only to maintain the administration's already high level of economic and military assistance to Israel, but to actually increase it, despite hard economic times at home.

There were three specific improvements as far as Israel was concerned:

Israeli officials, understandably, were delighted by the development. They were especially grateful to the American Israeli Public Affairs Committee (AIPAC), the pro-Israeli lobbying organization in Congress which worked so hard (and effectively) for the legislation, and to several key House and Senate members who introduced the amendments.

The Lavi amendment and the other increases in grant assistance most dramatically underlined Israel's continued popularity in Congress, despite the on-again, off-again strains in the U.S.-Israeli relationship. An important political signal was sent to the White House, the state department and the Pentagon, where it was well understood.

Why So Much Military Aid To Israel? Report States: "Arabs Can't Attack Israel"

The Jaffee Center for Strategic Studies in Tel Aviv, Israel issued a 385 page study of the relative strength of Israel as compared with the Arab nations. The report finds that, "*Israel is in no danger of attack by any of the Arab confrontation states in the near future because the balance of military power in the region continues very much in its favor.*"

America has made Israel one of the most powerful military nations in the world. For a tiny country it has a huge reserve army equipped with the most modern weapons including atomic bombs and surface rockets capable of hitting most of the Arab capitals in the Middle East. Thus, with all this "safety", why must Israel require billions and billions more weapons in ever increasing numbers? Many experts believe that if indeed World War II breaks out it will be in the Middle East and started by a trigger-happy Jew with his finger on an Atomic firing button.

German foreign aid to Israel began in 1965. Just like the U.S. the Jews ask for higher amounts each year — and they get it! At least in West Germany there is political opposition in the Bonn Bundestag. This year they approved 140 million Marks for Israel. The money will be used to construct highways, electric power stations, and for developing a high-tech industry in Israel. The members of the anti-communist German Free Democratic Party voted against the aid measure as did the Green Party which branded Israel as "aggressors" against the Palestinian people.

Jews Oppose German Aid To Saudi Arabia

Saudi Arabia is one of the most anti-communist nations in the world and provides the U.S. with much of our imported oil. Still, powerful organized Jewry, fights against even allowing Saudi Arabia to purchase self-defense arms from the U.S. and West Germany. On this page we reproduce a declaration by the most powerful Jew in America — he is Jacob Berman, Chairman of the *"Conference of Presidents of Major American Jewish Organizations."* Berman is over all of the 37 Jew pressure groups in the U.S. He has insinuated that the West Germans are "anti-Semitic" if they sell weapons to Saudi Arabia. They should register with the Justice Dept. under the foreign agents registration act. AIPAC carries out the orders of the Israeli government.

"The Canadian Jewish News" of Dec. 1st presents a report by Wolf Blitzer in Washington, that Jew leaders in Israel, *"were especially grateful to the American-Israel Public Affairs Committee (AIPAC), the pro-Israel lobbying organization in Congress which worked so hard and effectively for the legislation (the all free-grant foreign aid to Israel) and to several key House and Senate members who introduced the amendments."*

Tell Germans To Cancell Saudis A

The Conference of Presidents of Major American Jewish Organizations has called on West Germany to cancel an impending "massive sale of military weapons and supplies to the kingdom of Saudi Arabia."

Julius Berman, chairman of the conference — composed of 37 national Jewish secular and religious organizations — voiced "a profound sense of anguish and foreboding" at reports that West Germany has agreed to sell large quantities of military hardware to the Saudi regime.

In a cable to Bonn, Berman said "this sale would place in jeopardy the security of the State of Israel, homeland of the Jewish people, so many of whose citizens were the victims of Nazi persecution." His message to Chancellor Helmut Kohl —

"Israel today is threatened by Saudi Arabia. This feudal despotism is notorious for its hatred of the

Who Are The Pro-Israel Agents In Congress??

"Near East Report" (NEP) is the official newsletter of Israel's agents in AIPAC. Dr. E.R. Fields has made a close study of the Congressmen and Senators whose names must frequently appear for praise in this newletter. Our findings are proof that these "Gentile" representatives are agents for the Israel government and DO NOT REPRESENT THE INTERESTS OF THE AMERICAN PEOPLE!

Wisconsin Sen. Bob Kasten's name appears over and over again sponsoring AIPAC legislation. He even speaks at AIPAC meetings. NEP of Oct. 21 reports Kasten addressing an AIPAC meeting in Chicago telling 300 cheering Jews: *"What you're doing is what you should be doing as citizens of the United States.* (Note: *He must mean Israel!) Hopefully, you're going to do it better and better and better — that's the goal. We are working to make all foreign aid to Israel grants (free gifts.) The outlook for this is good!"*

New York Sen. Alfonse D'Amato and Sen. Daniel Moynihan along with Hawaii's Sen. Daniel Inouye make up the other three most frequently mentione Senate names in the Israe lobby's newsletter.

House Members Who Work For Israel

The following Con gressmen are most ofte singled out for praise i NEP. They are Rep. Jac Kemp (R-NY) who has a bur ning ambition to run fo President some day, Rep Clarence D. Long (D-Md.) and Rep. Dante Fascel (D-Fla), Rep. Charles Wilson, (Texas).

This statement is ar rogant and insulting — stil the Jews wield so much in fluence we suspect they may continue to prevent arms reaching our Arab allies. Is it any wonder the Arabs (in cluding Jordan) are forced to go to Moscow on bended

Starve - Enslave - Execute the Germans

Stalin slaughtered a minimum of 20 million people in Russia. He and the Jews wanted to double this figure with the killing of 40 million Germans after the end of World War II. Henry Morganthau, Jr. devised the plan and won the approval of Roosevelt and Churchill at their Quebec conference in Sept. 1944.

The Infamous Anti-German Plan

Morganthau and White devised the plan with the help of international Jew financier Bernard Baruch, "the advisor to Presidents." Baruch complained bitterly that even the most vicious parts of the plan were "too soft" and referred to Morganthau as a "sissy." Here is an outline of the plan:

1) Germany would be stripped of all industry and reduced to a primitive agricultural economy. Since Germany is a food importing country without enough farm land to feed its inhabitants it is estimated that 40 million would suffer starvation.

2) All factories will be dismantled and removed to other countries or otherwise destroyed. (Note: This was in large part completed in the Soviet Zone of occupation.)

3) German coal mines to be closed, flooded and the industrial Ruhr wrecked and locked up.

4) Germany will be allowed no aircraft of any type, not even gliders.

5) The only vehicles allowed will be a limited number of tractors.

6) Germany will not be allowed to stockpile any raw materials for manufacturing.

7) The diet of the German people will be restricted to a number of calories per day just below the level required to sustain human life.

8) All German children will be taken from their parents and placed in "re-education" schools and made wards of the state. They will be taught the true spirit of democracy.

9) Former members of the German SS Army will be placed in slave labor in liberated nations and in North Africa.

10) No German should ever be allowed to wear a uniform of any kind.

11) There would be no marching, no parades, no military, political parties or sports.

12) Any German seeking to leave the occupied country would be shot on sight by guards at the border. (That continues at the East German border today.)

The Plan Began Under Truman

The Morganthau Plan was not formerly repudiated by Pres. Harry Truman until July, 1947. Thus the German people suffered nearly three years of starvation, the dismantling of industry for "reparations" and the enslavement of German soldiers and civilians. They were forced to work in foreign countries under inhumane conditions and without pay. This editor has met with some German veterans who told me they were not protected under the laws of the Geneva Convention for POWs. They were surprised to find themselves shipped off in cattle cars as slave laborers.

The Chicago Tribune Press Service of Sept. 15, 1946, reporter John Thompson, gave the following Red Cross figures on German slaves. England had 460,000, France - 475,000, Yugoslavia - 80,000, Belgium - 48,000, Czechoslovakia - 45,000, Luxemburg - 4,000, and Holland - 1,200. Conditions for the Germans were bad. Louis Clair wrote in "The Progressive Magazine" on Jan. 14, 1946 that in France, "*Conditions for the German slaves in parts of the West are no better than those in the notorious Russian slave labor camps.*"

"In the camp of Sarthe, France for 20,000 German prisoners, inmates receive only 900 calories a day; thus 12 die every day in the hospital. Four to five thousand are unable to work at all any more. Recently, trains with new prisoners arrived in the camp. Several prisoners had died during the trip, several others had tried to stay alive by eating coal that had been lying in the freight train by which they came. In another camp near Langres, 700 prisoners slowly die of hunger; they have hardly any blankets and not enough straw to sleep on . . . Many cases have been reported where men have been so horribly beaten that their limbs were broken. In one camp men were awakened during the night, called out of their barracks and then shot, 'because of attempted escape.' "

The Catholic Bishops of Germany issued a joint pastoral: "*Almost 12 months after the cessation of hostilities, millions of German prisoners of war are still detained indefinitely, often under miserable conditions, and deprived of their freedom.*"

Believe it or not, even after the horrible brutalities and mass murder of millions of Germans the Jews still have the gall to scream "holocaust" and, "We will never forgive - and never forget." The time has come for the 52 million Americans of German ancestry, to remember what the Jews through Morganthau and the Soviets did to the German people.

The division of Germany was an idea also originated by the Jews. Why should the Germans be paying reparations to the Jews? It should be the other way around. The Jews should be paying reparations to the German people for all of the horrible atrocities committed upon innocent German civilians who sought only to free the Western world from communism and Jew financial domination!

Pres. Roosevelt meets with Morganthau and approves his plan for the total postwar destruction of Germany.

Churchill's Plot To Exterminate The German People

London, England, July 6, 1944, Winston Churchill gave orders to prepare for the use of poison gas or biological warfare against Germany. He stated: *"I should be prepared to do anything that would hit the enemy in a murderous place."*

July 27, 1944, Churchill studied the requested report code-named, "Project N." This stood for the deadly Anthrax bomb. He told his aid, *"There seems little doubt that the use a biological warfare would cause heavy casualties, panic, and confusion . . . with a consequent decisive influence on the outcome of the war."*

What Is The Anthrax Bomb?

Dr. Paul Fildes, a pathologist, was knighted in 1946 and in charge of Britain's biological warfare program. Operating out of a secret compound at Porton Down in southwest England, Fildes developed an Anthrax bomb which was tested on 60 sheep on a remote island north of Scotland. They died instantly and the Anthrax spores infected the ground to the point where no one may land on that island even today.

The London Sunday Times revealed that Churchill made detailed plans to drop Anthrax bombs on Berlin, Frankfurt, Hamburg and other German cities where the death toll would be 100% in a 50,000 square yard area and 50% outside that area. Millions of Germans would have been annihilated.

July 6, 1944, Churchill was advised against the plan, but protested "I do not see why we should always have all the disadvantages of being the gentleman." Later, on July 29, Churchill was again advised not to use the weapon and he protested: *"I am not at all convinced by this negative report . . . the matter should be kept under review."*

The bomb was never used, perhaps because it would not be ready for large scale use until mid-1945, and by then World War II was over. Thus the worst mass murder in history was avoided. Churchill was voted out of office almost immediately after the end of the war and spent the rest of his life practically a cripple as a result of his chronic problem of alcoholism.

Those Who Opposed Morganthau Plan

Secretary of State Cordell Hull opposed the Jew Morganthau's plan for the destruction of Germany for all time to come. He wrote the following:

"Morganthau's plan, I added, would wipe out everything in Germany except land, and the Germans would have to live on the land. This meant that only 60% of the German population could support themselves on the German land, and the other 40% would die."

The plan began with deliberate starvation as is shown by the statement of British Labor Member of Parliament, Hon. R. R. Stokes:

"Today in Germany, six months after our vistory, graves are still being dug for people not yet dead, people who will die of starvation in the next few months."

"During the First World War the hunger blockade (against Germany) was not effective. But there is another way to bring down the enemy — an aerial war of total destruction by means of heavy bombers directed against German territory."

By May 10th, 1942, Churchill's plan for the systematic destruction of civilians was now possible and he gloated: "The civil population of Germany have an easy way to escape from their severities. All they have to do is leave their cities and go out into the fields and watch their home fires from a distance." Later that same year Churchill said:

"As the war years advance German cities will be subjected to an ordeal the likes of which has never been experienced by a country in continuity and severity and magnitude!"

Jan. 1943, Churchill met with Roosevelt in Casablanca and together they approved the Jew Lindeman's program of "area bombings," after which the head of British Bomber Commmand, Air Marshall Sir Arthur Harris stated:

"Thanks to the decision taken at Casablanca, the last scruples fell and I received complete freedom of action in the conduct of bombing raids. Before winning the war we shall have to massacre a great number of German civilians."

The Terror Bombing Begins

Hamburg was the first to feel the full effect of a "firestorm." Churchill correctly named this atrocity "Operation Gomorrah." On July 24, 1943, hundreds of planes struck. Hamburg burned from hundreds of firebombs. Over 100,000 civilians were incinerated. Hamburg and Dresden saw many more dead than Hiroshima or Nagasaki combined. This was the Allied "reward" for the sacrifice of the German people for their courageous attempt to liberate East Europe from Communism.

POW's held by the PLO. Alexander Hay, president of the Red Cross said this was the first time in history such a violation of Red Cross agreements had taken place.

The plan called for the release of 4,563 Palestinians and Lebanese for six Jew soldiers. While the exchange was taking place Abu Eain was on a prison bus headed for the airport when news arrived that the Jews had been released. Israeli secret police pulled Eain off the bus and hauled him back to prison where he languishes today. An unnamed "source" at Israel's Defense Ministry ar-

Eain is a young Palestinian who loves his homeland and wants to see it become a free state one day without having to live under the boot of the brutal Israeli military

Abu should be released immediately but the daily press has censored this news. They know the American people would be outraged by such trickery in the reneging on such an important exchange agreement. What would be the media's response if it was revealed that the PLO had held back one of the Jew prisoners they had promised to free? Thus, we find that the promise of the Jew is not worth much. In the meantime the United Nations Special Political Committee voted to condemn Israel for violating the prisoner exchange agreement.

He worked at the atomic bomb facility in Los Alamos, N. M. Greenglass was the brother of Ethel Rosenberg and passed atomic secrets on to her and Julius Rosenberg. The Greenglasses and Gold turned state's evidence and their testimony sent Ethel and Julius Rosenberg to their death in the electric chair in Sing Sing prison on June 19, 1953.

U.S. Has Special Envoy To Jewry

What About This Flap Over Recognizing The Vatican?

President Ronald Reagan caught a lot of flack from the media, Rev. Jerry Falwell and others because of his decision to recognize the Catholic Vatican as a nation and send an envoy there. We suspect this does have political overtones and no doubt part of Reagan's desire to win Catholic votes. But the media has suppressed the interesting point that the Jewish religious community has long had its special envoy right in the White House to "advise" the President. His title is *"Special Liaison to the Jewish Community."* NO OTHER RELIGIONS OR RACIAL GROUP HAS ANY "SPECIAL LIAISON" IN THE WHITE HOUSE!

This position was created by pressure from the Jews many years ago and is never mentioned in the daily press. No decision of importance regarding Jews in America or the Zionist State of Israel can be made without the president first consulting the "Special Liaison." He then takes the message over to the very highest Jewish authorities for a decision. On Dec. 31 (without any mention in the press), Pres. Reagan appointed an Orthodox Jew, Prof. Marshall Berger to be the new "Special Liaison" replacing Jew Michael Gale who becomes Assistant to the Secy. of Housing and Urban Development. Before we fight against the Special Envoy to the Vatican lets awaken people to the Special Liaison (Envoy) the Jews have had all along right in the White House watching every move our President makes)

Israeli Embassy Rates U.S. Newspapers

The Israeli Embassy in Washington is the only one which issues a public rating of "pro-Zionist" publications in America. The Jew Embassy has announced their study of the nationally circulated newspapers has *The Wall Street Journal* as "most pro-Israel." (It is Jew owned.) Of the major dailies the Atlanta Constitution / Journal is most pro-Jew.

It will come as a surprise to many but they rate the John Birch Society magazine "Review of The News" the most pro-Jew magazine in America with the Jew owned (Martin Peretz) "New Republic" coming in second. The Israeli Embassy subscribes too and monitors every single publication of any size in American including *The Thunderbolt.* We have never been able to discover where we stand "in the ratings!"

Even Neutrality On Jewish Problems Considered "Anti-Semitic"

Montreal's Mogill University law Prof. Irwin Cotler declares those who criticize Zionism or the State of Israel are "masquerading" their inner anti-Semitic feelings. In fact, he urges that the term "anti-Semitism" be dropped for the wording, "anti-Jewish." (Note: We agree on this point).

Carrying this argument to the extreme is Rabbi Emmanuel Rackman of the University of Jerusalem and one of the most influential Jewish leaders in Israel. He stated the time has come to let all those who claim neutrality on issues concerning Jews to know they are considered anti-Jewish by Jews. Rackman said there can be no middle ground — no so-called neutral stand — one must either be all out in total and unequivocal support of the Jews — or you shall be condemned as being guilty of "anti-Semitism."

(Editor's Note: We have discovered the best way to confound such extremists is to come right out in the open and tell everyone where you stand on the Jewish problem. We are rarely called "anti-Semitic." They cannot respond to us and cannot frighten us so we are given the "silent treatment." Jews had rather pretend we do not exist. Their frustration grows out of their inability to silence us!)

holocaust advocates. Over the many long years since the war ended there are still over 260,000 Jews receiving reparations from Germany.

These include lifetime pensions for rich Jew doctors, lawyers and businessmen. Many who were never in any concentration camp are included in the payment program. To qualify a Jew may merely claim to have been forced to wear the "Yellow Star of David", or lost property, forced to work in a factory, or even for missed educational opportunities! Thus there is no end to the excuses available to claimants.

Here are other means by which Jews have been able to squeeze money out of the poor German taxpayers.

In 1953 Germany was forced to agree to pay Israel three billion marks to obtain credit in world banking circles. German Chancellor Konrad Adenauer wrote in his Memoirs, "Jewish banking circles would exert an influence upon the course of the London Debt Conference which should not be underestimated. . .If the German economy was to achieve a good credit standing and become strong again, the London Debt Conference would have to be ended successfully. Only then would an economy develop in a way that would make the payments to Israel and the Jewish organizations possible."

The London Jewish Chronicle warned: *"The whole international weight of World Jewry will be mobilized for an economic war against Germany if Bonn's offers of reparations remain unsatisfactory."*

Other Forms of German Aid

Jews are paid an average of $400 per month up to $700 for physical disabilities. They have been allowed to pay only $1,700 into the German pension insurance system to qualify for German Social Security Insurance if they worked as little as one week before WWII. Those living in the

U. S. also collect U. S. Social Security.

Germany paid six billion marks in a lump sum payment to 730,000 Jews who claimed property losses, which included such hard to prove claims as loss of jewelry, furniture, art works, etc.

Thousands of other Jews have been paid for loss of "potential earnings." German reparations to Jews are raised from time to time to compensate for inflation. Thus as Jews die of old age, total payments have grown annually to $900,000,000 per year (nearly $1 billion dollars!) Jews who lied about their ages are exempt from having to now prove their age to receive U. S. Social Security. A lump sum of $50 million marks has been paid out to Russian Jews, who never lived under the German occupation, for so-called "hardship claims." Some 100,000 Polish and Russian Jews have been paid $440 million over a three year period. They "escaped" before the German invasion and are not eligible for "normal" reparations.

David K. Mann, Chairman of the Jewish Board of Deputies in South African states: *"Ben Gurion once said that two events had occurred in his lifetime which were in the nature of miracles. One was the establishment of Israel, the other was German reparations."*

Without the latter Israel would never have prospered. The German and American taxpayers are responsible for the very existence of Israel. Yet, no gratitude is shown. Instead both nations are treated with contempt, as if we are servile states, to be ordered about at the whim of the Jews. This is due solely to control the Jew bloc vote and Jew finance hold over our cowardly politicians. The great problem is that many knowingly bow to Israel.

president of the World Zionist Organization, the World Jewish Congress, the founder of the Presidents Conference of

Material Claims Against Ge many and having steered it t gain additional large amount from Germany as new situation arose.

Col. Charles Lindbergh helped organize "America's First Com mittee' to keep U. S. out of World War II.

Thousands of professional "Holocaust Survivors" march i Israel at annual convention demanding more reparations fro Germany. Henri Bouton from Lake Worth, Fla. is at right.

Jewish Leader Speaks On Zionist Bloc

Midwest Magazine quotes the well-known Jew author Alfred Lilienthal (he wrote "The Zionist Connection.") He was asked the question: What effect does so-called Jewish lobby have on U. S. politics?

"Let me state one statistic: 85 percent American Jews live in t five States with the mo electoral votes — New Yor Illinois, Pennsylvani California, and Ohio. Sin these states are crucial any presidential election an Jews constitute swing vote in each state, no presidenti candidate can oppose Israe interests and hope to ge elected."

members of the National States Rights Party. Jerry Pope is Central USA organizer for the NSRP, and Johnny has long been a youth organizer and more recently treasurer of the local chapter.

What was rare about the character of Johnny was his interest in politics and especially in maintaining the purity of the White race. He was known and liked by all the young people in Covington. Johnny had many friends and the funeral service was jammed with heartbroken young people. Whenever the opportunity occurred, Johnny told his friends about the importance of preserving the White Race and of the dangers of race-mixing. He helped many young people

"kick" the drug habit and stop drinking. He told them the truth about race could be found in the Holy Bible and not in the misinterpretations given by many ministers.

Believe it or not Johnny joined the NSRP at the tender age of six at his own request. Whenever J. B. Stoner was in the area, he arranged for uniformed NSRP guards to protect the meetings. R. D. Eldridge, a long time Ohio NSRP leader, delivered the eulogy at the funeral. The loss of Johnny Pope, for both the movement, our race and his family is a stunning loss but the memory of what this young man stood for during his fourteen and one-half years of political activity
